UK-Bahrain Agree £2bn Investment Partnership in huge boost for UK Economy

- UK has signed a new partnership with Bahrain, which will see £2 billion investment into key growth sectors.
- Agreement will increase investment in financial services, clean energy, manufacturing and tech – all growth sectors in Government’s modern Industrial Strategy.
- Business Secretary Jonathan Reynolds: investment is ‘major vote of confidence’ that will increase jobs and create growth across UK as part of the Government’s Plan for Change.
- UK becomes member of the US-Bahrain Comprehensive Security Integration and Prosperity Agreement which supports economic growth at home.

The Strategic Investment and Collaboration Partnership (SIP) will focus on investing in key growth sectors including financial services, technology and decarbonisation – as the Government prepares to publish the upcoming modern Industrial Strategy.

The Partnership is a sign of a strengthened bilateral relationship with Bahrain and will help create new jobs and boost growth across the UK. It will also provide British companies opportunities to take advantage of Bahrain’s business environment, providing support on innovation, productivity and development in the country.

Arab International Cybersecurity Conference & Exhibition

5th - 6th of November 2025

As the largest convention of its kind in the region, the AICS will bring together government regulators, industry professionals, and solution providers at to discuss and develop plans to secure their cyber and IT infrastructure. The conference will provide an international perspective on the full spectrum of cybersecurity and information security.

This event will have the highest level of engagement in the region, with participation from government, industry, and business verticals such as BFSI, oil & gas, energy, utilities, IT & telecom, manufacturing, education, and more. It is co-hosted by the National Cyber Security Centre (NCSC) and held under the patronage of His Royal Highness Prince Salman bin Hamad Al Khalifa, Crown Prince, Deputy Supreme Commander, and Prime Minister of the Kingdom of Bahrain.

If you join the UK pavilion with our special packages, we are well placed to support your organisation and effectively manage your presence at the event, giving you the confidence that you would expect from working with a fully engaged media partner dedicated to the cyber security sector.

ROI & Success Stories of AICS 2023 / 24

Attending the AICS in Bahrain has delivered fantastic ROI for past attendees in the UK Pavilion. Exhibitors and delegates alike have praised the event for its targeted networking, access to key decision-makers, and visibility among cybersecurity leaders.

Below are two of OSP Cyber Academy's own success stories, both as a direct result of attendance at the AICS 1st and 2nd editions. To read the full stories, check out the CNG website, or scan the QR Code below.
