

# UK Defence & Security Exports

## Cyber Trade Mission to Singapore Singapore International Cyber Week, 21 – 24 Oct 2025

UK Defence and Security Exports (UKDSE), in association with the British High Commission in Singapore invites you to join a trade mission to introduce you to Singapore's cyber ecosystem and identify potential commercial opportunities.

Cyber security remains one of the UK's strongest security exports. Singapore's strategic location as financial and tech hub in Asia Pacific provides very attractive opportunities for UK cyber companies as Singapore listed as UK top 10 security export destinations.

Singapore's strategic location makes it vulnerable to cyber-attacks targeting finance and other critical sectors. To address this challenge, UKDSE and the British High Commission in Singapore will look to repeat the success of the 2024 cyber trade mission in 2025; enabling UK cyber companies to engage with the local cyber ecosystem and meet with potential partners, distributors, government agencies and clients.

The mission is organised to align with Singapore International Cyber Week and a British High Commission Flagship Cyber Event combining regional industry, academia and government. You will have the opportunity to connect with cyber security stakeholders around the region and promote your company.

### Registration

Expression of Interest will be open on the 3rd July 2025. Returns via this [form](#). The form will close 21<sup>st</sup> August 2025.
