

Cyber Skills

Bootcamp

Learn Cyber Skills

What is Tech Talent Ready?

Tech Talent Ready is a collection of fully-funded industry-specific programmes that help people build the skills needed to work in tech. Our courses range from between 2 to 6 weeks long and include a guaranteed job interview at the end.

Skills Bootcamp in Cyber:

- A two-week, cyber skills bootcamp (22 Sept – 3 Oct) led by CyberNorth and Sunderland Software City.
- Participants will explore cyber careers through expert talks, hands-on projects, masterclasses, and networking.
- The programme includes employability training, a real-world incident response project, access to the Lumi AI learning platform.
- Concludes with a presentation, job interviews, and a “Women in Cyber” networking brunch.

No Experience

Who's This For?

Are you curious, keen to learn and into tech or problem-solving? Then this opportunity is for you.

No Experience Needed:

- You don't need a background in cyber security, just an open mind and a willingness to try something new.
- Work as part of a team, build confidence, and explore what a future in tech could look like.

Ideal For:

- A-Level students
- Anyone interested in technology
- Those exploring career options in cyber
- People returning to work
- Women are especially encouraged to apply
